How to make pyrography?

Attention, we inform you that the following tutorial has been translated by the automatic translator Google Traduction. We are not responsible for the errors caused and we apologize in advance for the inconvenience. Feel free to contact our customer service via [this online form](#) if you need help to understand this tutorial. How to create your pyrographed wooden jewels yourself? We answer you in this video by taking the example of two chevron dividers in [raw wood](#) that we pyrographed and mounted in saltire . Very simple and quick to make, just have a pattern or a drawing in mind! And after the jewels, get started in the interior design with our [wooden supports to decorate](#) . And take a look at our [technical data sheet on wood pyrography](#) .
