MIYUKI

Free weaving or weaving without a weaving loom is back today and is becoming more and more popular! We offer you a video to learn the technique of free weaving or square weaving without a loom. This video tutorial tells you schematically the basic points. These dots are formed with a needle by threading the beads in a specific order. This weaving is already practiced in ancient times. Indeed, this technique is one of the strongest because the thread passes several times in each pearl.

We thank [Miyuki](#) for sharing this video. Attention, the video is subtitled in Japanese but the diagrams used are very explicit. If you want to create or inspire you free hand in hand weaving peyote or odd models and diagrams Brick Stitch, go take a look at [our tutorials](#) and [our weaving grids beads of rock and Miyuki](#) !
