How to create an aged silver look to his jewelry?

How to use the polishing paste?

How to make a pretty engraving on silver?

We answer all these questions in a short video made by Artur Vilarnau, artisan jeweler, where he shows us the technique to blacken silver with an oxidizing solution , also called "sulfur liver" and then polish with the polishing paste rubbing energetically.

Give an aged look to your engraved charms , rings, pendants, engraved or not, with only these two products. It's quick and easy !
