Thanks to Pauline from the [Atelier Plume](#) for this explanatory data sheet.

Find the tutorial with a [free pattern](#) to make [this bandana bib](#) and our special live sewing to have all the explanations in video: success assured to put your snaps.

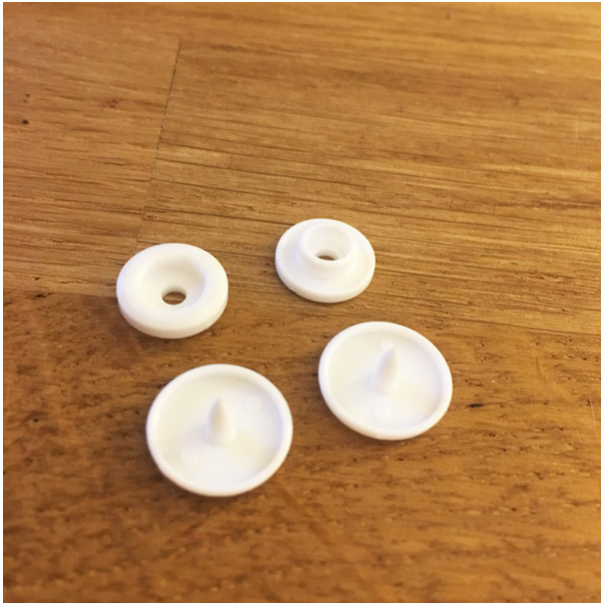

Are you new to sewing but you do not know where to start? Have a look at [our sewing tutorials](#) and all [our technical sheets](#) to get started.

STEPS

Step 1

Choose a male head and a female head.

2nd step

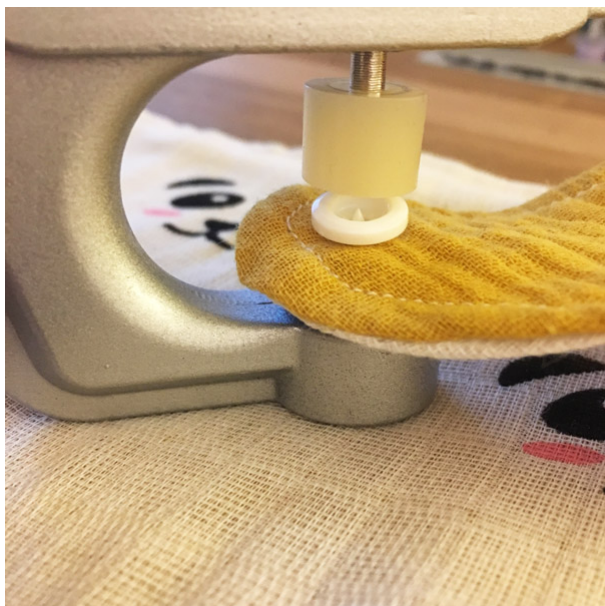

Pass through the fabric with the tip and position the male.

Step 3

Apply strong pressure by closing with the forceps.

Step 4

Renew the operation with the female pressure.

And that's it, you know how to put a snap as a pro!
