2- Soft white and silver: shining right from

This summer will mark the beginning of the season of silver. But beware, not the silver and all-purpose silver! It will be the silver "fashion hat" straight out of a nightclub of the 80s. We were doing good! Finally that will make us forget the gold. That's why the list you will find that the silver color trend and not the classic gold color trend. Use this reference of pearls to perfection. In addition, it is much cheaper than the silver gold color trend. Translucent beads are also making a comeback. They highlight your colorful designs on the bracelet. [Pink 2022 colors: jewelry ideas: Miyuki beads](#) will perfectly suit this new new trend combination.

3- Pink in all its shades

We told you about 5 during Spring 18 of the previous season, and we'll tell you again for the top 10 of summer 2022 (pink probably next season too). Pink does not leave the podium. Whether pastel, blush, fluorescent, fuchsia, you will see it in all its shades. Allow it without restriction. You can combine gently by mixing a shade of light pink and a shade of light pink, or even add some red because mixing pink and red is no longer a new trend. Do you know the Miyuki bead trend? That's how it is the opportunity to do this Miyuki bead trend again in pink tones. [Pink 2022 colors: jewelry ideas: Miyuki beads](#)

4- Fluorescent Pink and White: The perfect summer marriage

If fluorescent has become your favorite color, take it to the next level with fluorescent pink. Use it as a small touch to make up your creations or in the middle of a neutral color such as white. A few beads of this color will suffice. Fluorescent pink is very desirable! It will look great in a geometric jewelry piece, either with yellow or blue. Need a natural idea for using neon pink? Replace the red beads in this amazing grid with fluorescent. [Pink 2022 colors: jewelry ideas: Miyuki beads](#)

5- Brightly colored shades on Color Block

The Color Block trend consists of a combination of very bright complementary colors. This trend is reminiscent of the 80s. You will find several shades of bright purple, sea blue, orange, very bright, light red, emerald green, light blue. In addition, you will see for example neon green wearing bright purple parts with a fluorescent orange top. In fact, wearing this trend translates this mixture of geometric shapes. An orange circle with a pink triangle in a pair of earrings for example. Colors are much easier to make with double bead stitch. That's why this technique is all the rage right now.
