

JEWELRY TREND: 6 IDEAS FOR PHONE JEWELRY

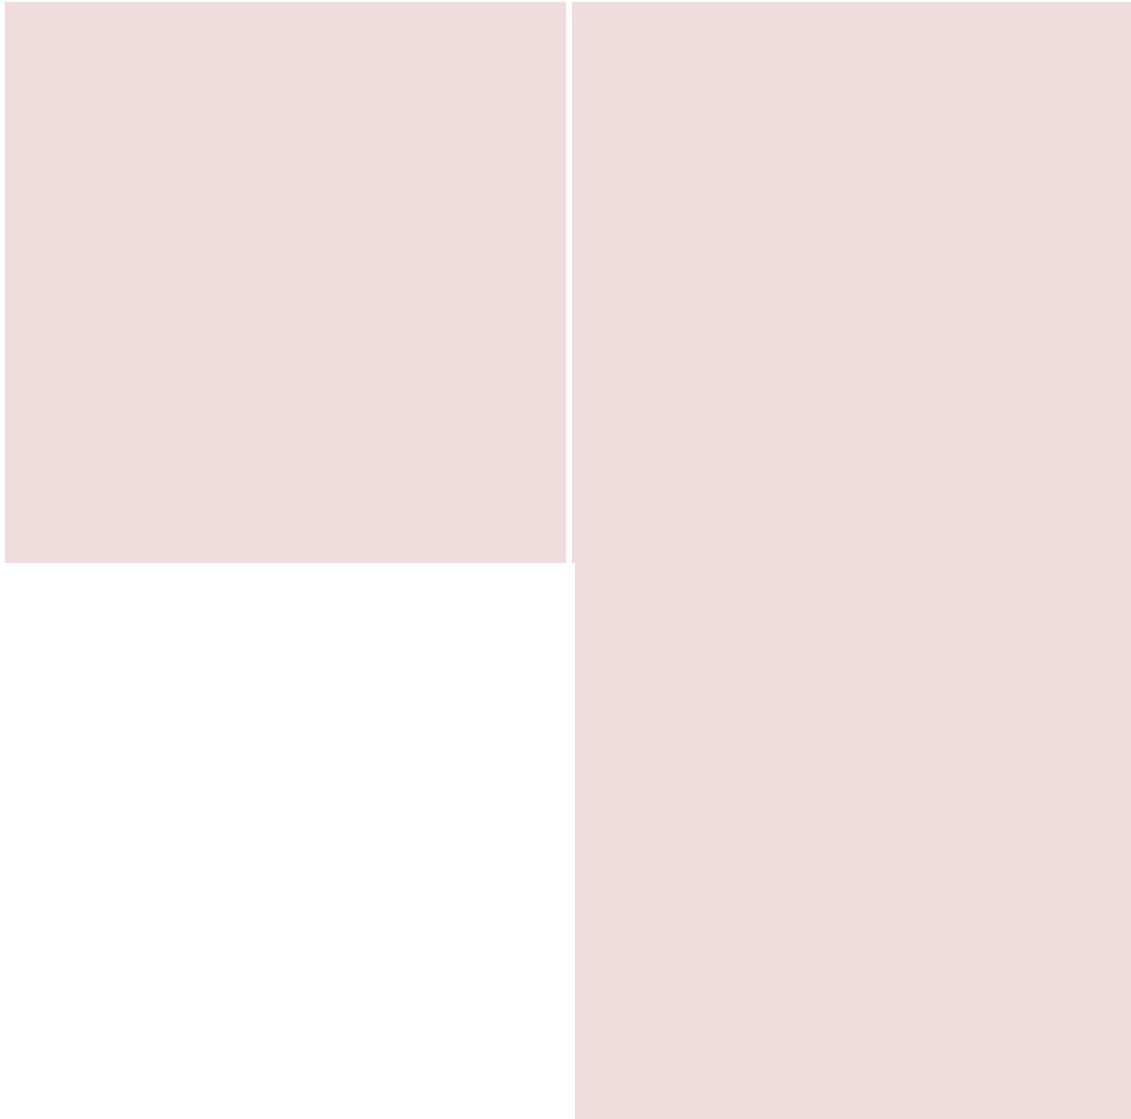

By : Laurence

The phone jewel is the accessory of the moment. It transforms a cell phone that looks like any other into an absolutely trendy accessory. Long, short, colored or monochrome, with beads or links, as a necklace or bracelet, there is something for every style and taste. Present in our lives for several seasons, it is always proudly hung on our arm or around our neck. Aesthetic, it is also hyper practical. It allows us to find our phone easily and quickly in the bottom of our handbag.

You don't have yours yet? Discover our selection of 6 ideas of phone jewelry to make yourself:

- AN XXL PHONE NECKLACE WITH BIG LINKS

We surf on the fashion of oversized jewelry to create our phone accessories. Here, we mixed the colors and the shape of its big trendy links with a big mesh chain. You can adjust the length you want by adding or removing links. It can be worn as a pendant or slung over the shoulder like a handbag.

Keep your smartphone or iPhone close by and keep your hands free!

- AN ETHNIC AND BOHEMIAN VERSION OF A JEWEL PHONE

If you are a fan of the bohemian style, this phone jewel is for you! With its brightly colored beads and different shapes, it embellishes your phone while adding a touch of bohemian-ethnic.

- A MINI VERSION OF PHONE JEWEL

This little phone jewel measures only about ten centimeters. Have fun using large links, heishi beads, smiley beads, freshwater pearls or seed beads to create a unique and original piece of phone jewelry. The strap has been replaced by rivets attached directly to the phone shell.

- A CHIC AND GLAMOROUS VERSION OF A PHONE BRACELET

Bring a touch of fantasy to your phone with a cell phone bracelet! To be elegant and refined, use gold, black and a discreet touch of rhinestones.

If you're wondering [how to hang a phone jewel](#), you have several solutions: with a strap, a synthetic cord, a loop with pearls or rivets.

Find all our tips and advice on our data sheet.

- A REGRESSIVE VERSION OF A CELL PHONE JEWEL

There are no special rules for creating this kind of phone jewelry. Just string the beads in the order you want. Above all, it must be fun to make and pretty to look at.

As for the regressive jewelry, it is mainly the polymer clay beads that characterize this phone jewelry. You will find all shapes and in many colors: heart, lucky eye, fruit, vegetable, star, flower ... To this, we add some smiley beads, pony beads, colored seed beads, and some freshwater pearls for a top result.

- A CASUAL PHONE JEWEL

Nothing like Heishi polymer clay beads to give a casual spirit to your DIY creations whether it's a piece of jewelry or an accessory. Here, it's a phone jewel that you can customize with the alphabet beads of your choice by writing a first name or an inspiring word.
