

CUFF BRACELET COATED

By : Perles & Co

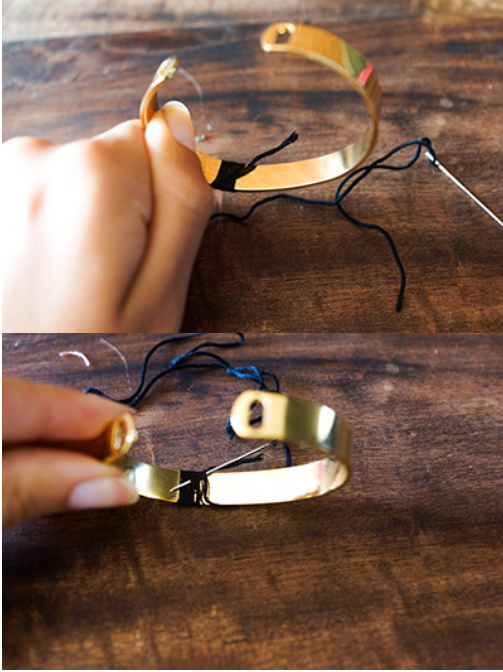

Easy

0 minutes

Step 1 :
Choose a first coton pearl and cut about 20 cm.

Step 2 :
Leave little bit exeed and start to surround the bracelet.

Step 3 :
Once you are satisfied with the length, with an embroidery needle, pass the thread under the last thread, cut and put a dot of glue for a better grip.

Step 4 :
Repeat with other colors. You can apply dots of glue to secure it.

Which material to use for Cuff bracelet coated?
