How to create your own creoles?

The Creole earring is probably THE jewel to have in its jewelry box! Whether you have a classic or chic look, creoles adapt to all styles! We explain in this tutorial DIY jewelry, how to make original creoles .

With little material, get trendy dangling trendy earrings. Karine showed you the weaving of pearls outside the creoles, this time we show you how to weave them inside! This is the little detail that changes absolutely everything!

But how to wear creoles? To highlight them, it is best to tie your hair, if you do not have time to make a pretty hairstyle, just slip your hair behind your ears and we will see only your creoles. Avoid wearing bib necklaces, opt instead for a necklace end and sober.

Step 1

Cut about 30 cm of yarn, then circle your thread several times over the creole. On the model, we wound the wire on 7 mm.

Small tip: use a flat-nose pliers to keep your thread at the beginning.

2nd step

Pass a first pearl in the thread, position it correctly on the inside of the Creole.

Then wrap your wire again with 2 turns. Repeat the operation 10 times.

Take your time, this is the most important step where you must be as regular as possible.

Step 3

Do the same for the second creole.

And here, your creoles are finished! To wear with a relaxed look: jeans, basketball, t-shirt, the perfect combo, modern and trendy!
