

SUPERDUO EARRINGS

By : Perles & Co

Intermediate

0 minutes

Step 1:
String one 11/0 seed bead and one Superdus, total four of each.

Step 2:
Join all the beads to the end of the thread. Tie a square knot to form a square. Then pass the needle through the upper hole of the nearest Superdus.

Step 3:
Add one 11/0 bead, two Superdus and one 11/0 bead and then go through the upper hole of the next Superdus.

Step 4:
Repeat the previous step three more times.

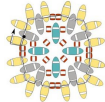

Step 5:
Now make the shape. At the end of the row, pass the needle through upper hole of the last Superdus, then through one 11/0 bead and then through the lower hole of the first Superdus of this row.

Step 6:
Finish the shape by passing the needle through the upper hole of the same Superdus. (Warning: you will now work in the opposite direction)

Step 7:
Add one Superdus, two 11/0s and one Superdus. Go through the upper hole of the next Superdus.

Step 8:
Add two Superdus and go through the upper hole of the next Superdus.

Step 9:
Repeat steps 7 and 8 until you reach the end of the row.

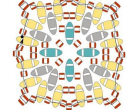

Step 10:
Then do the mirror. When adding the last pair of Superdus, go through the upper hole of the last Superdus and then through the lower hole of the first Superdus of this row.

Step 11:
Now pass the needle through the upper hole of the same Superdus.

Step 12:
Add one 11/0 and go through the upper hole of the next Superdus.

Step 13:
Now add one 11/0, one 8/0 and one more 11/0 and go through the upper hole of the next Superdus.

Step 14:
Add one 11/0 and go through the upper hole of the next Superdus.

Step 15:
Add three 11/0s and go through the upper hole of the next Superdus.

Step 16:
Repeat steps 13, 14, 15 and 16 until you reach the end of the row.

Step 17:
To finish and flatten the shape, repeat the previous row (steps 12-16) one more time.

Step 18:
Tie a few halfhitch knots and cut off the thread.

Step 19:
Close a jump ring and insert it into one of the 8/0s in the corner of the square. Then add an earring. Optionally, you can pass another jump ring through the 8/0 in the opposite corner and add a bead on a headpin or a small pendant.

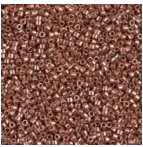

Which material to use for Superduo earrings?

SUPPLIES

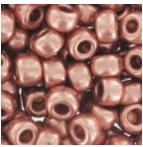

Ball Earwires 18mm antique copper tone x6
Ref. : BO-254
Quantity : 1

Miyuki Delica 11/0 DB0040 - Copper Plated
Ref. : DB-0040
Quantity : 1

SuperDuo 2.5x5mm Dark Chalk Travertin x10g
Ref. : DUO-081
Quantity : 1

Miyuki Seed beads 8/0 187 - Copper Plated x5g
Ref. : MR08/187
Quantity : 1
