How to make a DIY pearl necklace?

How to make a pearl necklace to make oneself?

If like me you enjoy the play hippy chi c as soon as the warm weather arrives, discover the ideal tutorial to create yourself a fashion necklace bohemian necklace cheap and environmentally friendly.

Zero plastic guaranteed! In this DIY jewelry tutorial (Do It Yourself) I only use natural pearls , untreated wood, and trendy and original vegetable seeds .

1. Cut 1 meter thick and resistant wire type wire for micro-macramé Linhasita

2. Choose your pearls and order them thanks to an assembly board for a better final result (I assure you, it's more practical and it avoids doing and remaking because we forgot a web!)

3. Thread 1 large open oval ring for costume jewelry in the middle of your thread and put on the 2 strands of thread a golden metal beads

4. Then put on the big wooden bead of 40 mm, always on the 2 strands of the thread

5. On each strand of wire, then chase the rest of the beads in the order you like.

I advise you to start with one side, then the other. Be careful that the pearls do not escape! If necessary, tape the end of the loose wire with masking tape to avoid disasters (it smells like veel)

6. Once the length of the desired jumper reached (here 45 cm without pompoms, 60 with, yes I like when it is seen hi hi), do 4 or 5 knots, burn with this magic tool to keep it in the time and hide it all in one of the big beads

7. Cut 15cm of chain with large links (a rest of chain will be fine) and fix it to the big closed ring with a small golden open ring

8. Then fix the 5 pompoms (you put some as you want of course, eh), using a golden nail with round head that we will come to slip on the heart of the cotton tassel.

9. Cut the nail if necessary with a pair of pliers and create a loop thanks to a round-headed jewelry pliers to fix the pompom at the place of the chain you want

Your turn now ! Me and my jumper will drink a cocktail by the pool with a pretty white dress and wedge espadrilles ... olalala brightly this weekend huh?

Feel free to compose your own necklace with wooden beads of the color of your choice or other types of seeds and plant components.

And for cotton pompoms, it's the same! It's up to you to choose your favorite color to match your handmade necklace to your favorite summer outfits.
