We propose you an easy tutorial of earrings to realize in polymer clay with a texture with holes and powders Micas .

Step 1

-Take some golden polymer clay, prepare it by rolling it over the dough and insert it into the dough machine at a medium notch. They must not be too heavy because they are quite imposing.

2nd step

-Brand your golden plate with 2 sizes of cookie cutters, a round of 4 cm and another of 2 cm.

Step 3

-Take 2 tools for texturing marked places, a fine ball tip tool and another with a fine tip also.

Step 4

-Place golden micas powder on the hole texture with a brush.

Step 5

-Save you cookie cutters to remove 2 rounds of 4 cm and 2 others of 2 cm.

Cut out a triangle in the bigger circles. Cook your pieces in a traditional oven at 120 degrees for 30 minutes.

Step 6

-Start your assembly by drilling 2 holes in each room. Connect the parts passing through these holes of the copper wire. Stick your ear studs on the smaller circles. Wait a few hours before handling them.
