

## PHOSPHORESCENT GHOST IN POLYMER CLAY

By : Karine Barrera

Easy

0 minutes

How to create a ghost luminous pendant to celebrate Halloween? How to use phosphorescent paste in the dark?  
There are many modeling pastes that are phosphorescent in the dark, there is the [Dynamilis self-luminous paste](#) and polymeric pastes of brands [Fimo](#), [Polyclay](#), [Cernit](#). We propose to create a small luminous ghost pendant with polymer clay Cernit but this project can be realized with all other brands of paste.  
Step 1  
Take a small amount of phosphorescent paste and make a ball. Use gloves or work with washed hands to keep the dough clean.

Step 2  
Extend your ball by placing it on a support and stretching the bottom between two fingers.

Step 3  
Poke 2 small holes with the ball point tool in the place we will make eyes.

Step 4  
Take a small portion of black dough, form with 2 tiny balls that you will place in formed hollows. Extend another piece of black dough into a thin 3 or 4 mm cylinder, bend it to make a smile and place it under the eyes in the middle.

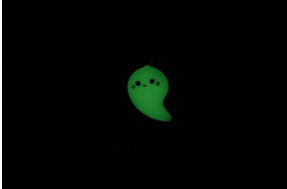

Step 5  
Take a little white paste to make the mouth slightly by making 2 small balls that you will crush. Place a dash of white on the black marbles to make the eyes shine. Cook your ghost at 130 degrees for 30 minutes.

Step 6  
Stick the ghost on a pendant clip, place a chain in the loop.

Indicate your ghost now a little brighter than not yourself in the dark, halloween!

## Which material to use for Phosphorescent ghost in polymer clay?

### SUPPLIES

Bail 17 mm Fine silver plating x1  
Ref. : ACT-612  
Quantity : 1

Cernit Translucent 56gr Phosphorescent (n°024)  
Ref. : CERNIT-004  
Quantity : 1

Cernit Number One 56gr Black (n°100)  
Ref. : CERNIT-051  
Quantity : 1

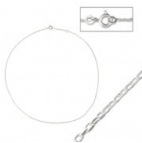

Cernit Number One 56gr english pink (n°476)  
Ref. : CERNIT-105  
Quantity : 1

Modelling tool for polymer clay - Cernit ball tool 1 and 0.5 mm  
Ref. : OTL-424  
Quantity : 1

Jewel Glue Hasulith 30ml  
Ref. : OUTIL-007  
Quantity : 1

925 Sterling Silver Chain chocker cable diamond cut 1.4mm x42 cm  
Ref. : TDC-284  
Quantity : 1

Precise Cutter with ergonomic handle all supports  
Ref. : TOOL-577  
Quantity : 1
