How to make gold-plated creoles?

How to make gold plated hoop earrings?

Promise nothing complicated! Also discover our new findings in Gold Filled, mini handcuffs with zirconium, charms of all sizes and all shapes.

Do not hesitate to select the pair of creole that you like in this tutorial ... see take both.

The trend of the moment? Asymmetrical creoles then treat yourself and have fun!

Find all our [pendants and charms in gold plated](#) but also all our [findings in Gold Filled](#) for jewelry that will last a lifetime.

We put a pair of hoops in the basket, if you want to make the 2 tutorials don't forget to adjust the quantity!

The hoops together

This tutorial is for all fashionistas who have 2 holes on the same ear, do not hesitate to take a look below to see the version worn.

For this tutorial you will need

- [A pair of sleepers with zirconium](#)
- [A piece of alternating Figaro chain](#)

- [Gold Filled rings](#)

Cut a piece of chain just over 3 cm (count about 9 large links)

Open a ring using pliers, then hook a piece of the chain to one of the hoops, then open a second ring and hook the other end of the chain to the second hoop.

And now your first pair is finished!

Hoops with mother-of-pearl pendant or moon charm

- [A pair of sleepers with zirconium](#)
- [A piece of alternating Figaro chain](#)

- [A gold-plated mother-of-pearl and star pendant](#)
- [A 3 micron gold-plated moon charm](#)

For one or the other Creole the technique is the same!

Cut a piece of chain of the desired length, more or less long according to your preferences then hang one side of the chain on the sleeper then the other side to the charm using an open ring.

And now your two pairs are ready! Do not hesitate to mix them with your other earrings or with all our other mini hoop tutorials, tag us on social networks to show us your associations, on Facebook or on Instagram.
