### How to make earrings?

How to make precious earrings in 24 carat gold plated?

Make your padlock earrings in 925 silver and 24 carat gold plated for less than 40 euros it's possible! Follow this step by step to make them yourself and personalize them with our selection of [24k gold plated charms](#) and [925 gold plated silver](#). We also have [small sequins in 12 carat gold filled](#) which is a technique to make a layer of gold thicker than the gold plated even if it is a little less precious gold. The result and the resistance over time is just as successful!

Let's get to the heart of the matter, promised nothing very difficult, it's an ideal tutorial for a beginner or for a last minute creation for an evening.

If you are new to jewelry creation, do not hesitate to consult [all our technical sheets to get started](#) !

For this tutorial you will need to know how to [open a ring using pliers](#) .

Steps:

- Step 1 : Glue the PureCrystal cabochons on the earrings then leave to dry for several hours.
- Step 2 : Cut twice 5 cm of cable mesh chain.
- Step 3 : On the first earring, hang the chain on the earring using a ring by adding the padlock charm then close the ring. Then put the second part of the chain on the rod of the earring. Add the clasp so that the chain does not go away.
- Step 4 : Still on the first earring, hang the star charm using an open ring on the bottom of the chain.
- Step 5 : Perform the same operations as steps 3 and 4 on the second earring then add the moon charm in place of the star charm.

For a super trendy asymmetrical style! So easy right?
