

FABRIC HOOP FLOWERS

By : Karine Barrera

Easy

0 minutes

Make large hoops with colorful flowers. How to attach fabric flowers to a pair of hoops?

The fabric flowers we use are sold in packs of 10 pieces. The colors are unfortunately random but there is still a pair or two of flowers of the same color. To carry out this tutorial we need five pairs of flowers, so it is essential to take two sachets of fabric flowers to create these earrings.

Step 1

Choose your flower colors and find your five pairs. Pass in the eye of a needle of the transparent thread, double the length and make several knots at the end of the threads.

2nd step

Put your flower on the creole wire, hold it while you fix it. Go to the next one and do the same thing by first linking this new flower to the previous one with a petal.

Stage 3

Open the ring on the back of the ear hook to pass the creole wire through it.

Which material to use for Fabric hoop flowers?

SUPPLIES

Mounting round element for beadweaving 50x1.9 mm fine Gold plated
Ref. : ACT-488
Quantity : 2

Decorated earstuds 20 mm fine Gold plated x2
