How to make a scarf?

How to make a knitted scarf?

And yes, winter is still here for a few more days. But promised, spring is not far away and sunny days are coming quickly.

In the meantime, to fight against the cold of this end of winter here is an ideal tutorial to occupy a pampering afternoon under the plaid. So to stay covered and your neck warm when you tip your nose outside, Alice Gerfault, one of our loyal partners today offers you to make a pretty scarf while knitting.

Go take a look at [his blog](#), [his Youtube channel](#) and [his Instagram account](#) to not miss anything and discover all its little wonders.

Are you hesitating between several types of wool (alpaca, angora, merino, mohair, cashmere, etc.)? You are right, they all make you want as much as each other and are all suitable for making a scarf! But to make your choice, you can refer to our [technical sheet on the different varieties of wool](#).

Not a fan of pink? Find all our [balls of wool](#) on our site to create a scarf that suits you!

Are you a beginner? This tutorial is a good way to get started in knitting before making more complex projects. Quite simple to make, this scarf is knitted entirely with the same stitches from start to finish.

And don't panic, all the technical explanations are detailed in the video. You can make this scarf step by step. And for a little extra boost, check out [our knitting fact sheets](#).

Come on, we'll leave you with Alice for a detailed video of the technique

So, ready to face the cold by being bundled up in your soft scarf?

Do not hesitate to post a photo of your creation on our social networks: [our Facebook page](#) and [our Instagram page](#)

Which material to use for DIY knitted scarf?
