How to weave cactus pearls in Brick Stitch?

As you have seen (or not!) We have launched a small challenge: Weave your green plant with the pearls you have at your disposal!

We obviously challenged our beadwork partners and here is the nice diagram of Coeur Citron, find his universe on [his blog](#) and on [his Instagram account](#).

Also discover the weaving of Tiffanie, a Sansevieria in Delicas !

Coeur Citron also offers you a palette with the colors used so that you can pick from the references you already have on hand!

New to Brick Stitch? Find [our technical sheet to start this technique](#) !

Also take a look at all [our technical sheets on pearl weaving](#) , you will inevitably find your happiness.

Psst we give you a decorative idea, make a small herbarium with the whole collection of your favorite green plants: cacti, pilea, succulents in short the list goes on ...

And here is the result of your little cactus:
