Step 1:
Take a leather strap of about 50 cm and fold it in two (the length may vary depending on the size of your wrist).

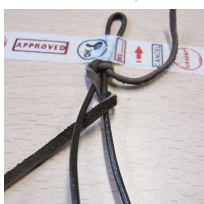

Step 2:
Make a simple knot in the band suede as shown below.

Step 3:
Put the band suede between the 2 pieces suede cord.

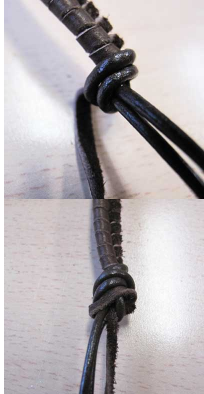

Step 4:
You can braid the Suede band above the right line, as shown below.

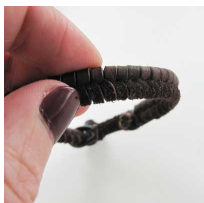

Step 5:
Repeat steps 3 and 4 to about 19 cm braid (this length can vary depending on the circumference of the wrist vary).

Step 6:
Tie a knot at the end.

Cut the excess thread and put a dot of glue on the node.
Your bracelet is now finished!
