How to make earrings?

How to make earrings?

Because you know, they are super trendy at the moment, so we decided to please you and share with you a very easy tutorial to make hoop earrings in pearls and cups. Ideal for summer, these small earrings will go perfectly with all your summer outfits, from the most casual to the most classy. So, ready to adopt them? We are already done!

Very easy to make, and at a lower cost, these fancy creole earrings will have more than one, we already know! So, even if you are a beginner do not hesitate for a second, this tutorial is a good opportunity to start in the creation of costume jewelry.

To make a piece of jewelry that looks like you, you can obviously adapt the colors of your pretty pair of hoop earrings by finding all our references of [6mm round pearly PureCrystal pearls](#) on our site. We leave you the hard responsibility of choosing your favorite colors! Come on, enough talk, we tell you everything without further ado!

The stages :

Step 1 : Using flat pliers, bring the small creole rod flat so that you can insert your pearls

Step 2 : Insert the elements in the following order: a flower spacer - a cup - a round pearl - a cup - a flower spacer - a triangular sequin - and repeat the operation again until you have obtained the desired quantity .

Step 3 : Lift the rod of the earring using flat pliers to prevent the pearls from escaping.

As fast as a flash, you have already finished your pair of hoop earrings. So, convinced?

Do not hesitate to publish the results of your creations by sharing your photos with us on our social networks: [our Facebook page](#) and [our Instagram page](#)
