How to weave beads with a needle?

Today we're back with Elodie aka [Little Mlle](#), one of the winners of the "Weave your own green plant" challenge, and she's bringing you her pretty *Medinilla Magnifica*, a plant we discovered on this occasion!

The weaving was done in Brick Stitch, and you can find our technical sheets for beginners or for getting back into bead weaving (they say it's like riding a bike, you never forget!):
