

## DIY MAXI RECTANGLE CHAIN NECKLACE WITH MOTHER-OF-PEARL CHARM, EYE AND GEMSTONES

By : Charlotte Perles&Co

Easy

0 minutes

*How to make a trendy chunky mesh necklace?*

Necklaces and chokers with chunky stitches can be seen everywhere, it's been the trend for 2 years now, you couldn't miss it!

What if we gave them a little fun side by adding charms and gemstones with totally different styles? This gives an offbeat and original side to your jewelry.

This is a perfect tutorial for beginners, but we still advise you to bring a kit of pliers to open and close the open rings that will fix their charms.

Hey speaking of charms, want to see something else to personalize your necklace? Take a look at [our Gold](#), [Stainless Steel](#), [Gold Filled](#) or [Gold Plated charms](#).

Let's go for the steps, be careful, it will be very simple ...

### Steps

- Step 1: Lay out your chain flat so that you can place the charms as you like on your short neck.
- Step 2: Open the rings and place them on each of the charms.
- Step 3: Tie and close the rings on the chain.
- Step 4: You can add [flat golden beads](#), for this cut in the middle of a link with [wire cutters](#). Insert a little hasulith glue using a toothpick in the holes of the beads then thread it on one side of the link and tuck the other side of the link into the tru of the pearl. Leave to dry.

*Tip: Remember to check by lifting the chain that the charms are put in the correct direction when you wear the necklace. If not, open the ring again*

And now, it's over ! You just have to wear it and associate it with pretty rings and bracelets in accumulation .
