How to make a bag charm or a bag ring with pom-pom pearl?

In this tutorial you will see how to make your own bag charm with macramé thread and embroidery thread. This bag charm is large, it will decorate and give a refined touch to your handbag. If you choose to make it a keychain it will be your ally so as not to lose your keychain.

Step 1
Cut a piece of card about 10 cm high.

Step 2
Wrap the macramé thread around the cardboard ten times then cut your thread by leaving it at the bottom like the one at the start.

Step 3
Cut a few bunches of macramé thread which will be used to fix a knot against the thread on the cardboard then on which we will thread the beads.

Step 4
Place the thread between the cardboard and the macramé threads, for a double knot reflecting the remaining lengths. Cut the size of the pom-pom on the bottom of the cardboard.

Step 5
Place a wooden bead under the knot so as to cover it and obtain a rounded effect on your pom-pom.

Step 6
Take a small amount of white cotton material to fix the pom-pom (Step 6) using a double knot, cut the excess and burn the ends.

Step 7
Decorate the pom-pom with gold embroidery thread by tightening to give a beautiful shape to the pom-pom. Take a comb and comb the entire length of threads to give them volume.

Step 8
Place the decorative wooden beads, the golden metal beads and the grey beads on the macramé thread. Close the thread with a double knot then burn the ends.

Step 9
Add a bag charm by passing a 30 cm ring then pass a large white knot through the ring.
