

PAPER TOWEL ROLL HANGER WOODEN BEADS

By : Cassie Mini

Easy

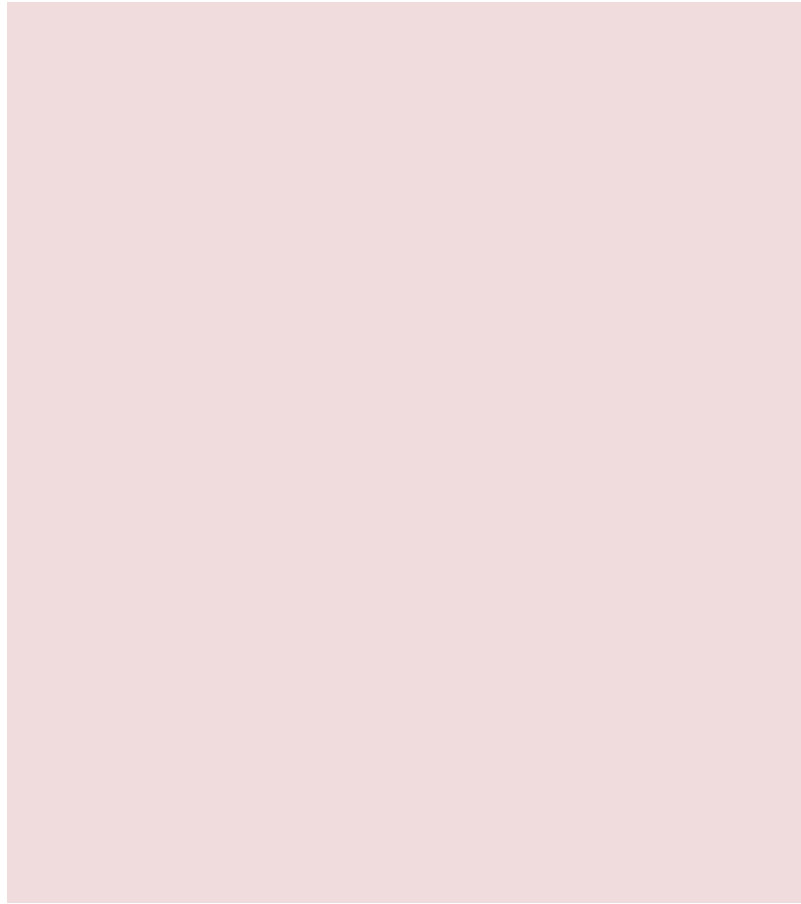

2h

Dare the color in your kitchen !

Here is a great and easy idea: a paper towel holder!

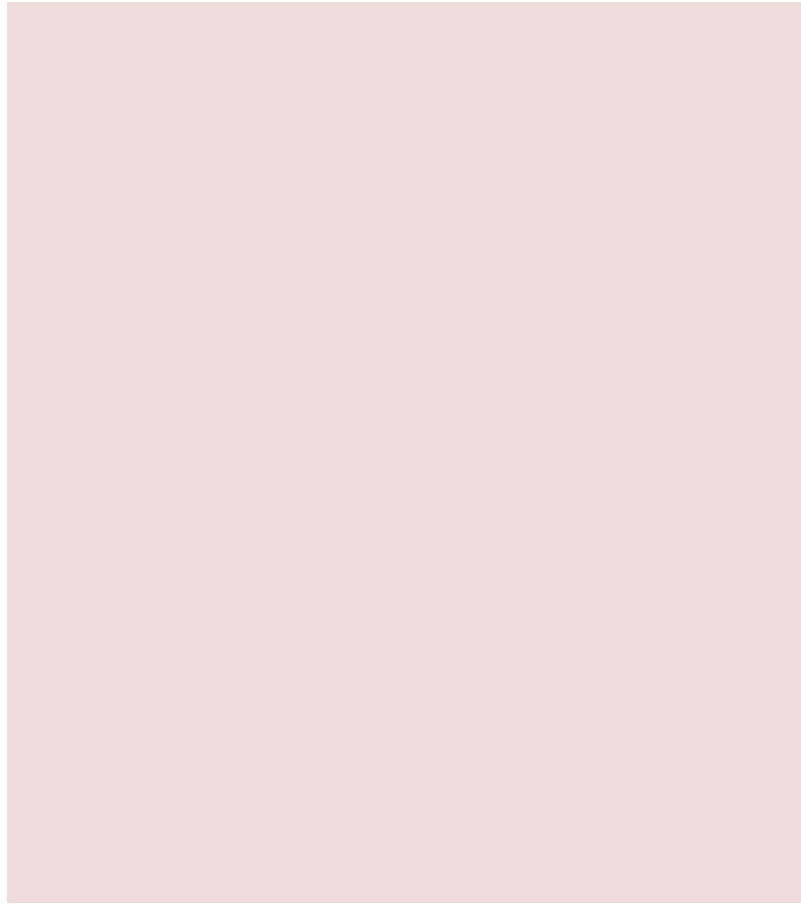

You will need a piece of copper tube of around 33 cm

Step 1:
Start painting the beads in white with the Chalky white paint.

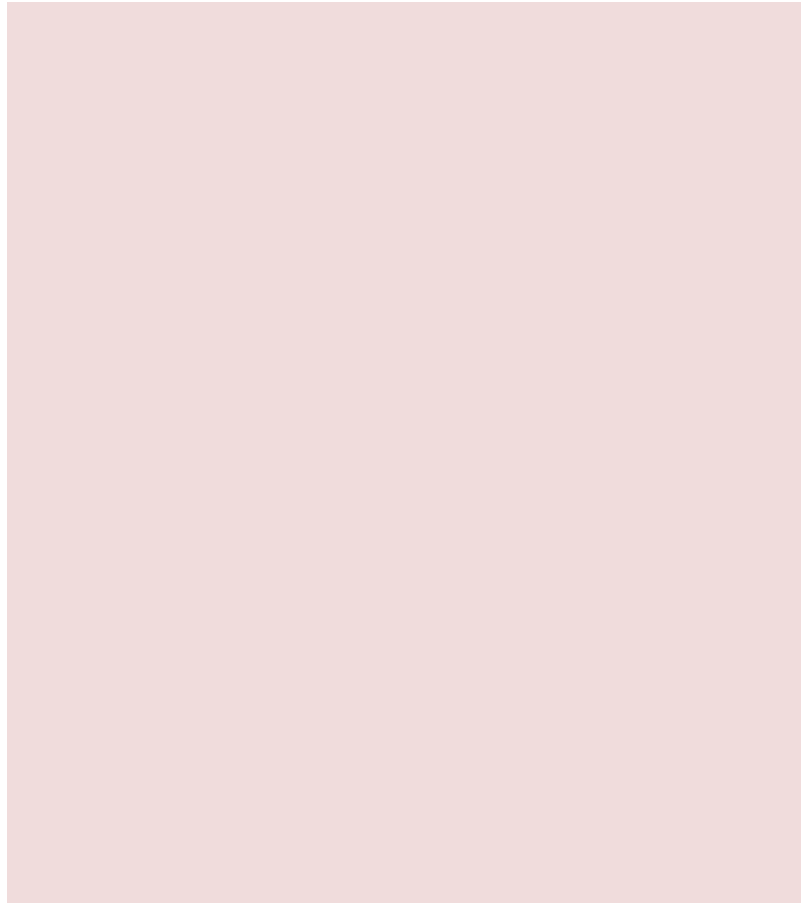

Step 2:

Once dried, paint some facet in color: here copper and green, leaving a majority of white.

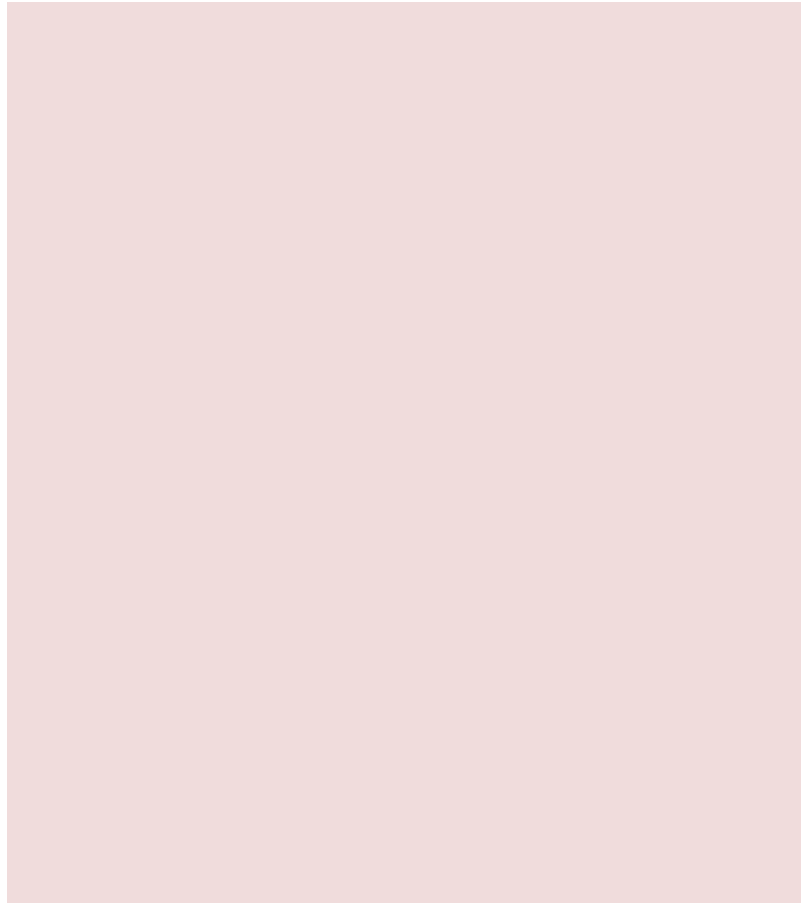

Step 4:

Cut a piece of cord long enough to pass the tube, the beads and make a knot.

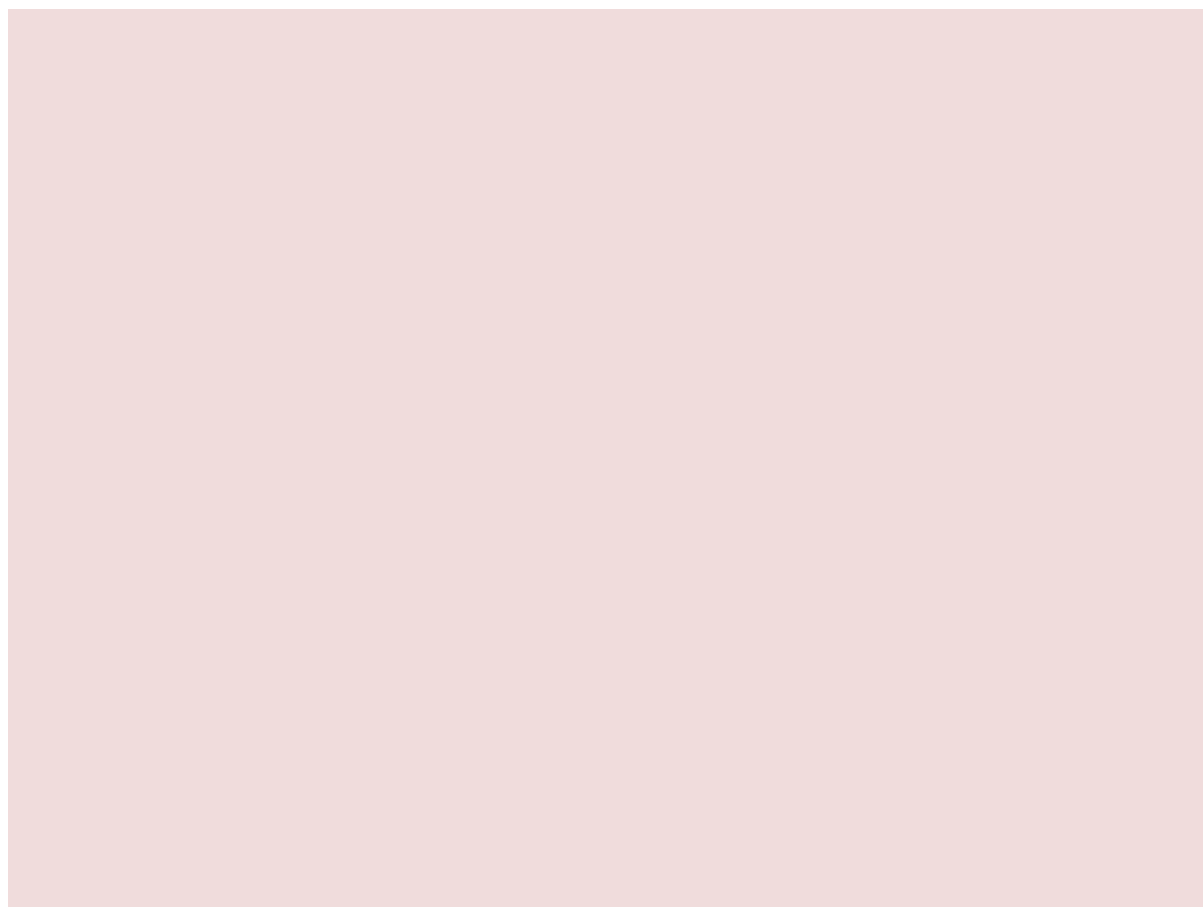

Step 5:

Using a piece of wire thread 15 beads on one side alternating colors, then insert the tube and 15 other beads.

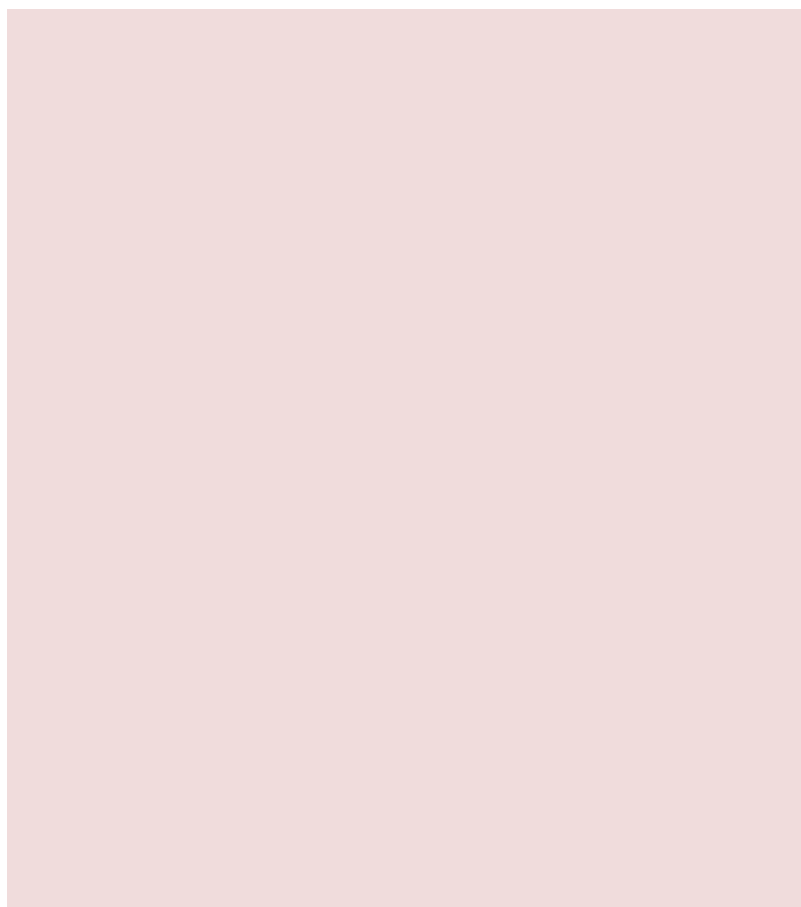

Step 5:

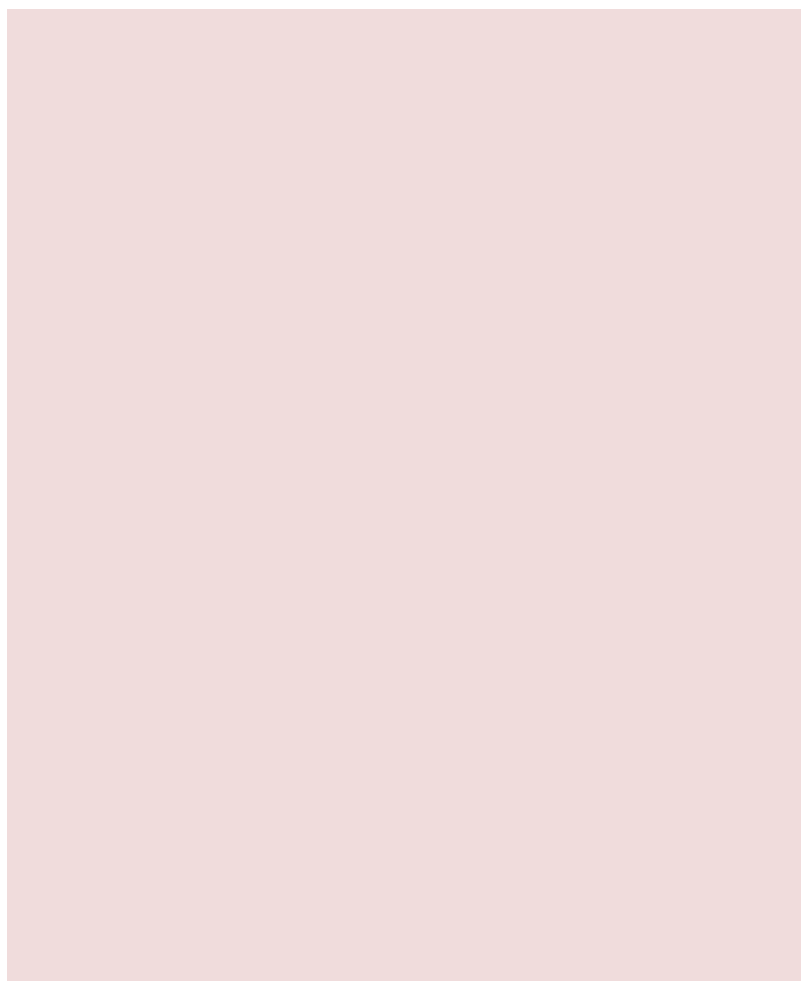

Install a hook on your wall and put your paper towel roll

Voilà ! thanks to Sandrine for this great and easy to make idea !

Which material to use for Paper towel roll hanger wooden beads?
