

## DIY 4 EASY EARRINGS IDEAS WITH 8 ELEMENTS

By : Tiffanie Perles Co

Easy

5 minutes

### *How to make earrings yourself?*

Today we're not presenting 1 or 2 tutorials, but 4 different pairs of earrings to be made with 7 primers, pendants and charms. The great thing about assembling jewelry is that with just a few elements you can create lots of jewelry variations. Tired of one element? Remove it from your earrings and replace it. It's so quick and easy, why deprive yourself?

If the open rings are too marked by the pliers, replace them or use [tool dip](#) or silicone tips on your pliers to reduce the marks.

To make this type of jewelry, you'll need just two round pliers, or one flat and one round. So you don't need much equipment to start making handmade jewelry. For future projects, you'll also need to invest in a pair of cutting pliers. These 3 pliers are the basic tools needed to assemble jewelry.

The only technique you'll need to know in this tutorial is how to open and close open rings. These are rings cut at one point and used to connect two elements. The mistake that beginners make is to spread the two ends of the ring apart, except that this deforms the ring, making it oval, and it is then very difficult to restore it to a well-rounded shape. The best way to do this is to rotate the two ends from one side to the other, slide the elements inside, then close again by rotating in the other direction and making 1 or 2 slight twists so that the two ends are face to face and touching.

Store your jewelry-making accessories in [boxes with compartments](#). You can reuse them later for another project. [Stained glass imitation drops](#) and [epoxy resin earstuds](#) are available in other colors. Click on the links to go to the product category.

We've listed the costume jewelry elements used under each photo. Find them in the materials list at the bottom of the page, and add them to your basket directly from the list.

Feel free to show off your creations on our Facebook page, in the Perles & Co Customer Super Club group or on Instagram by tagging us with [@perlesandco](#) or [#perlesandco](#).

## Which material to use for DIY 4 easy earrings ideas with 8 elements?

### SUPPLIES

4X0.6mm Open Jump Rings - European-made -fine Gold plated x50  
Ref. : ACC-362  
Quantity : 1

Earwires 17mm fine Gold plated x4  
Ref. : BO-006  
Quantity : 1

Ref. : PEND-213  
Quantity : 1

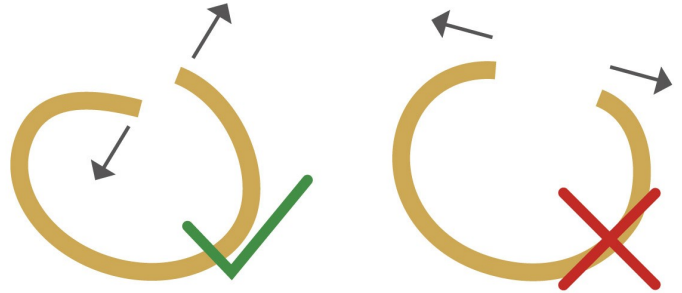

Dyed laser cut round pendant 30 mm Black x1  
Ref. : PEND-278  
Quantity : 2

## steps

### ★ Step 1/5

The only technique you'll need to know in this tutorial is how to **open and close openrings**. These are rings cut at one point and used to connect two elements. The mistake that beginners make is to spread the two ends of the ring apart, except that this deforms the ring, making it oval, and it is then very difficult to restore it to a well-rounded shape. The best way to do this is to rotate the two ends from one side to the other, slide the elements in, then close again by rotating in the other direction and making 1 or 2 slight twists so that the two ends are face to face and touching.

### ★ Step 2/5

**Earrings Pendants filigree and Drops imitation stained glass :**

- Lightweight filigree drop pendants 34x25.5 mm gold-plated x2
- Stained glass effect epoxy resin drop charm 22.5x12 mm Fine gold plated - Cyan x2
- Round epoxy resin earstuds 11.5x9 mm Fine gold plated - Blue x2
- Open hoops 4X0.7 mm - European manufacturing - Fine gold plated x2

### ★ Step 3/5

**Gold-plated dragonfly earrings and imitation stained glass drops :**

- Stained glass effect epoxy resin drop charm 22.5x12 mm Fine gold plated - Cyan x2
- Round epoxy resin earstuds 11.5x9 mm Fine gold plated - Blue x2
- Open hoops 4X0.7 mm - European manufacturing - Fine gold plated x2
- Dragonfly charm in zamac 17.5x18 mm - Fine gold plated x2

★ Step 4/5

**Black earrings and dragonfly charms :**

- Zamac dragonfly charm 17.5x18 mm - Fine gold plated x2
- Openwork pendant laser cut round 30 mm Black x2
- Fine gold plated 17 mm ear hooks x2

★ Step 5/5

**Black earrings and gold pendants with rhombus in epoxy resin:**

- 30 mm round laser-cut tinted openwork pendant, black x2
- 17 mm fine gold plated ear hooks x2
- Medal charm with pleated effect and epoxy resin tile pattern 20 mm - Fine gold plated/ Black x2
