## steps

### ★ Step 1/2

Insert a 7 mm ring in the hole of the blue leopard pendant, before closing it add your moon-shaped charm and then go through the hole in the ring of the ear pin. Close the ring with pliers. Do the same for the second earring.

### ★ Step 2/2

To make this new pair of earrings you have to take 5 mm thinner rings and add one more per earring. Connect your half-round spacer with the round pendant and add an eye shaped charm before closing the ring. Pass another ring to suspend the earring from the earring stud. Do the same for the second ring.
