How to weave beads around a circle?

Discover in this video tutorial made by Cecile aka @LittleHands how to weave beads around a creole, or a mounting ring.

As you may have noticed in her other tutorials, Little Hands likes to have fun combining different shapes of beads for a chic and original result.

Make a pair of earrings in full color or in more neutral tones. Either way, choose from all our SuperDuo beads, 4mm bohemian faceted beads and Miyuki 8/0 seed beads. For those who like XXL jewelry, you can also reproduce this technique around a ring of more or less large diameter according to your preferences.

We'll come and weave the Bohemian 4mm facets and miyuki rockeries on the woven first row.
(I explain everything on the video)

★ Step 3/3

We'll assemble the sequins and the ear studs with your weave.

Then add the small sequins
