How to create a trendy cord bracelet for summer?

You surely know it, the trend is the maxi ! Maxi pearls, maxi earrings, big mesh necklace, we see big everywhere! That's why Caticoud presents you today its version of the maxi and trendy bracelet for summer.

The Jaipur bracelet is made on the basis of a cord that offers you all the possibilities. It is indeed possible to customize your bracelet as you wish, since it is possible to attach to the cord the beads and elements of your choice! The hardest part will be to choose.

But don't worry, Caticoud already gives you a very nice example of the possibilities with a colour combination ideal for summer. You can find the list of necessary materials at the bottom of the page. To choose other colours, you can find on our website our cords, our seed beads, our glass beads and our spacers.

Now it's up to you! Don't forget to show us the result of your creation by joining our [community of designers](#) and by [posting a photo](#) on our social networks: our Facebook page and our [Instagram page](#).

steps

★ Step 1/5

Cut 16 cm of cord. Wrap each end of orange thread, about a cm, tightening to fit the creation in the cup. Make a knot and hide it. Put glue in each end of closure then glue and let dry well.

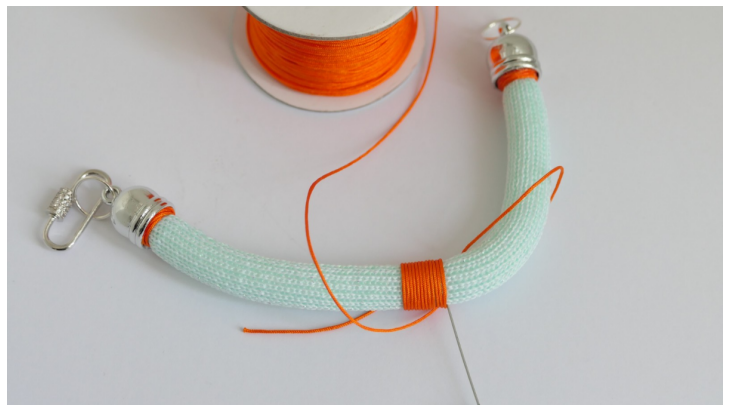

★ Step 2/5

Add a ring on each side, slide them into the screw clasp. (Adjust to your wrist size by adding a ring if necessary).

★ Step 3/5

Locate the middle of the cord, mark it with a pin or a thin pencil line. Wrap the orange thread loosely on both sides for two cm. Cut the thread and hide the two ends by securing them with a small invisible stitch if you wish.

★ Step 4/5

Sew an interlayer as a central element. Have fun by adding, according to your desire, rounds of seed beads. Then thread 26 beads, surround the cord, make a knot and then iron several times in the ring obtained, fix to the bracelet by a stitch, make the thread stand out and cut the surplus.

★ Step 5/5

For the ginkgo pearl ring: thread 2 seed beads, one pearl, repeat 5 times. Surround the cord where you want to place this element then pass the needle in the hole of a ginkgo pearl, add two seed beads, repeat 5 times. Iron several times to consolidate. You can sew here and there some rocks. It's already finished !
