steps

★ Step 1/2

Cut a length of wire of 38 cm. Ditto for the chains cut approximately

Thread the agate beads on the wire and then the bead to be crushed.

Thread the bead to be crushed on the wire, then the 2 chains, then the clasp and then pass the wire through the bead to be crushed

With flat pliers, crush the bead.

The chains and clasps are thus blocked.

Thread the agate pearls on the wire, in the middle integrate the pearl with a ring to hang the charm.
Continue to thread the pearls then repeat the same operation with the pearl to be crushed, the 2 chains and the closed ring.

★ Step 2/2

Thread the agate beads on the cabled wire, in the middle integrate the bead charm.

Continue to thread the beads and then repeat the same operation with the bead to be crushed, the 2 chains and the closed ring.

Hang the charm.
