#### *How to use a dotting tool ?*

Make an original pendant to hang as a key ring or bag jewel with the dotting tools technique. This consists in making small dots on a smooth surface with appropriate tools such as ball tips of different sizes and acrylic paint. This is a wooden pendant that has been decorated, but you can have just as much fun with different materials including polymer clay.

## steps

### ★ Step 1/2

Take white acrylic paint to cover the wood of the pendant, two coats will be necessary.

---

### ★ Step 2/2

You can make a grid of your design with a pencil. Have fun dipping the different ball tips in the paints to obtain a dotted relief pattern.

Mount your pendant as a key ring with a small ring and a key ring and to hang a carabiner.
