steps

★ Step 1/8

Iron your bandana before you begin. Lay it flat with the back of the bandana facing you. Fold the edges as shown in the photo.

★ Step 2/8

Then fold the other two edges to form a smaller square.

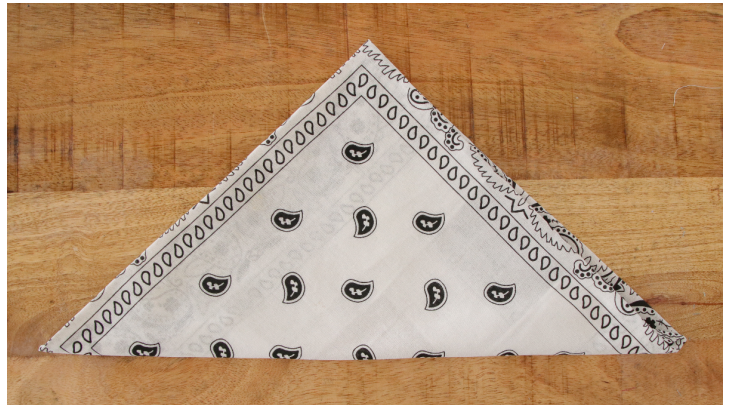

★ Step 3/8

Fold the corners so that they do not show later. Iron the whole to mark the folds.

★ Step 4/8

Then fold the square into a triangle.

★ Step 5/8

Roll up the triangle starting from the widest part and making strips of a few centimetres. Flatten it with the iron.

★ Step 6/8

Take sewing thread in the colour of your bandana and a sewing needle. Cut 1m of thread, thread it through the eye of the needle, then tie the two ends together with a double knot. Stitch through the back of the bandana, then thread the needle through a link in the chain.

★ Step 7/8

Sew the chain to the bandana by stitching several times through the bandana and through the link, then tie a knot in the back. Cut the chain to the right size and do the same on the other side. Try to sew the chain at the same level on both sides.

★ Step 8/8

Add your charms with open rings and two jewelry clips.
