## How to make a beaded bracelet?

The new Kos and Amos beads by Puca have arrived. Do you like them? We do too! And for once, Puca offers you the opportunity to make a piece of jewellery to weave them right away! Make step by step the Yona bracelet, a bracelet that offers you a perfect marriage between different glass beads by Puca.

We told you, in this bracelet it's Kalos, Amos and Kos beads that are in the picture. And you know what? Puca has assembled them in such a way that they form a pretty flower. Yes, yes, it looks like a chain of little six-petal daisy flowers all around your wrist. Aren't we a little bit blue?

Not a fan of blue? Discover all the other colors of pearls available on our site to decline this jewel.

We'll give you two or three ideas for variations on this model:

- choose a colour for each petal for multicoloured flowers
- make a flower of each colour for a pretty, colourful bouquet
- go for white glass beads and combine them with full dorado Kalos beads and seed beads for a semblance of pretty daisy flowers

Pssst! For those who would like to turn this bracelet into a necklace, it is possible. Simply weave in as many flowers as you need to get the length you want.

To start this tutorial, simply download the pattern. Let yourself be guided through the different steps.

Which material to use for Yona bracelet with Kos, Amos and Kalos beads by Puca?
