

PRINCE'S BRACELET WITH KALOS BEADS BY PUCA AND PURECRYSTAL SPINNING TOPS

By : Puca

Intermediate

3h

How to make a pearl bracelet?

Yes, Puca is still there to please you just before the holidays. Today, it is the Prince's bracelet that Puca offers you to make. This jewel is ideal for the holidays (and for any occasion for that matter!) and will perfectly match all your elegant and chic outfits.

Here, we find Kalos pearls, these pretty little round and flat pearls with two holes, but also the PureCrystal spinning tops that we don't need to introduce to you anymore and the little Miyuki 11/0 seed beads to match everything! Two versions are available: gold + turquoise and gold + dark red for a festive look! But as usual, it's up to you to find the perfect mix, and for that, visit our website to find all our Kalos by Puca beads. A penchant for silver? You're right! Replace the golden Miyuki 11/0 seed beads with silver 11/0 seed beads. Finally, to play with the shades of the spinning tops, discover our technical sheet on the colours and effects of PureCrystal crystals. And for all the fans of beads by Puca, find your happiness by consulting all the other Puca tutorials available on our site.

Enough talk, it's your turn to play! Go ahead and follow the different steps by downloading the diagram.

Which material to use for Prince's bracelet with Kalos beads by Puca and PureCrystal spinning tops?
