How to customize a wooden box?

It is possible to transform the most classic objects into trendy ones! Puca shares with you an idea of how to personalize a box with different beads by Puca: the Delos, the Piros and the Minos. An elegant secret box where you can store all sorts of little treasures: jewellery, little attentions, secrets or even baby teeth. It's also a great gift idea for your loved ones this holiday season.

To personalize the wooden stand Jodie, Puca proposes to combine Puca glass beads and Miyuki beads on the lid and around the box. The rhinestone chain adds a touch of elegance to this customization. And for those who have a crush on this wooden box, don't forget that you can of course customize it with other techniques: pyrography, polymer, resin, everything is possible!

In the same way, you can choose from a wide range of colours for glass beads by Puca! Choose a paint/bead colour that matches your :

- your interior decoration
- your Christmas table
- your loved one's favourite colours for a personalised gift

These are just a few ideas, now it's up to you! Simply download the diagram and follow the steps step by step.
