

DIY DUO OF MOTHER OF PEARL AND PURECRYSTAL NECKLACES

By : Tiffanie Perles&Co

Easy

40 minutes

How to make a pearl necklace?

Making a beaded necklace is easy for anyone and allows you to create your first piece of jewelry in less than 20 minutes. It is a quick and rewarding creative activity. You can create jewelry that matches your outfits or make personalized DIY gifts for your friends. To achieve a jewelry store-quality result, you'll still need to know some basic jewelry techniques, so forget about tying knots on nylon wire and a ton of glue on that same knot that won't hold. Here are a few videos that will show you what you need to do to make this tutorial, we advise you to watch them before starting this tutorial. Don't worry, they only last one or two minutes each:

- How to use crush beads?
- What is the purpose of wire guards?
- How to open and close a ring?

You can wear these necklaces separately or together. They each have their own clasp. The first necklace is made of polymer clay heishi round beads, mother of pearl beads including palet beads with letters, as well as gold beads and PureCrystal spinners. The second one is much finer and more delicate. It is made with tiny mother of pearl beads and a pretty rhinestone star pendant. The whole thing is enhanced by real African Turquoise beads, a type of Jasper.

Which material to use for DIY duo of mother of pearl and PureCrystal necklaces?

SUPPLIES

Crimp beads 2 mm - European-made - fine Gold plated x50
Ref. : ACC-427
Quantity : 1

Crimp covers 4 mm Diamond effect Gilded with fine 24K x50
Ref. : ACC-569
Quantity : 1

Heishi beads in polymer clay 4x1 mm petrol green x44cm
Ref. : ACR-261
Quantity : 1

0.46mm Wire guardians - Gold Tone x20

Kit of 3 Pliers professional quality for jewelry - Chain nose pliers, Cutting pliers, Round nose pliers
Ref. : OTL-580
Quantity : 1

Crimping pliers x1
Ref. : OUTIL-023
Quantity : 1

steps

★ Step 1/4

Cut 60 cm of wire for the first necklace and 50 cm for the second. Thread 1 squeeze bead onto the first wire, pass the wire through the wire guard, thread the clasp and pass it through the loop and then pass the wire end back through the squeeze bead. You should have about 5 cm of wire end left.

Flatten the bead with the special pliers. Use the notch with a small tooth on the other side. This notch will flatten the bead by making a mark in the centre. Then fold the bead in half with the other notch. Check that the wire is well blocked. Do the same thing with the second wire.

★ Step 2/4

Close a crushable bead cover on the crushable bead for decoration. Start stringing green heishi beads on the necklace with the longest thread. Thread the thread twice through the beads.

★ Step 3/4

On the first necklace: Thread 15 cm of green heishi, 1 golden washer, 1 green crystal top, 1 golden washer, 10 green heishi, 1 golden washer, 1 green crystal top, 3 golden flat heishi, 5 shell heishi, 1 golden washere, 1 green crystal spinner, 1 gold washer, your 6 or 7 letters (if you put more, remove green heishi at the beginning and add more if you put less letter beads) and then do the reverse to have the same on both sides.

★ Step 4/4

On the small necklace: String 15 small mother-of-pearl beads, 1 crystal 3 mm spinning top, 15 small mother-of-pearl beads, 1 crystal 3 mm spinning top, 15 small mother-of-pearl beads, 1 crystal 3 mm spinning top, 15 small mother-of-pearl beads, 1 small golden roundel, 1 crystal 3 mm spinning top, 1 small golden roundel, 1 African turquoise, 1 small golden roundel, 1 crystal 3 mm spinning top, 1 small golden roundel, 5 small mother-of-pearl beads, 1 small gold disc, 1 crystal spinning top 3 mm, 1 small gold disc, 1 African turquoise, 1 small gold disc, 1 crystal spinning top 3 mm, 1 small gold disc, 5 small mother-of-pearl beads, 3 small gold discs, 3 African turquoise, 3 small gold discs, the pendant with 1 ring. Then do the same thing in reverse order.
