Khéops®, Arcos®, los®...Puca® beads connect together, fitting perfectly one inside the other. Puca, the famous blogger renowned for her creations of bracelets and necklaces in the pure tradition of French elegance and Parisian chic, shares with us the tutorial for her creation "Boucle d'Oreilles Love" finalist in the Grand Concours de Création PureCrystal by Perles & Co 2016. You too can have fun creating personalized, one-of-a-kind earrings with your own hands, using these quality beads in original shapes with one or more holes!

Make this pair by adding spinning tops, PureCrystal hearts, round pearly beads, miyuki delicas. .. to match your most elegant outfits.

Many thanks to Puca for this tutorial.

PLEASE NOTE: In the list of materials below, we've changed some of the finishes (so the references don't match the illustrative photos in this tutorial, but give a similar rendering). In fact, you can change the colors as Puca has done below.

NB: Please note that the list of products below is not entirely consistent with the presentation photo. For stock reasons, some products in this tutorial have been replaced by equivalents.

We'd love to see your version of these Love earrings... Please feel free to send us photos on Facebook or by e-mail, as they may inspire others.
