*How to make a Christmas tree decoration?*

Christmas is just a few days away and new Piros glass beads have just been released. So why not add the final touch to your tree. Whether your tree is plain, coloured, natural or artificial, this tree jewel will match perfectly. Yes, even with the holidays approaching, Puca spoils us. So make this tree jewel "My Angel" step by step.

In this tutorial Puca shows you how to personalize the wooden support John with the bead weaving technique. Mix Piros, Kalos, Samos, Miyuki seed beads, rhinestones and many other beads to form an angel. A mix between red, white and gold, ideal and traditional colors for Christmas.

We can't tell you enough, but you are free to modify the different colors used. All variations are possible for this decoration. We'll give you some variations for this jewel.
