### *How to make pearl earrings?*

Do you like original earrings? We do too and so does Puca! And yes, she is still here to please you! Today, for the release of the new colors of Kalos beads, she offers you to make the Julia earrings. A perfect jewel to start the year, to wear for any occasion, but also with all your outfits, a sweater dress or a turtleneck.

Learn in this tutorial, to assemble different types of beads in a weave around 2 square supports. We told you in these earrings Puca gathers Kalos, Samos, Piros, Arcos and PureCrystal beads all together with Miyuki. A perfect mix of colors between gold, pink and purple, very trendy colors.

Not a fan of these colors! Of course you are free to imagine and create your own version of these earrings. Opt for brighter colors among all our references of glass beads. Choose Miyuki silver instead of gold for more sobriety.

Change the dormeuse by creole dormeuse with zircons
