How to make a necklace with links?

You wait for it every month, we also wait for it, the collection of January is finally out. To start the year well what better to do a very cocooning theme, very cute. As you have seen it is jewels centered on the trend of the big links. If you are a fan like us, come and discover all the other tutorials of the "Tendres Mailles" collection. You will be amazed, there is something for everyone.

In this tutorial, we propose you to make a necklace to wear for any occasion or outfit. It will be perfect to put over a knitted sweater or a turtleneck. For its creation you will just need some clips, chain, big links, rings and especially a clasp. A quick and easy necklace to make, ideal for beginners in jewellery creation. An elegant mix between black and silver, trendy and very chic colors.

Of course you are free to personalize this necklace. Many versions are possible for this creation, it's up to you to imagine the best one. We'll give you two or three ideas of variations for this customization:

- Opt for gold instead of silver
- Change the buoy clasp by a heart clasp
- Opt for more colourful large links among all our references.

Now it's up to you to create your own necklace with large links.
