How to make jewelry and accessories with beads by Puca?

Looking for an original jewelry accessory? The bag jewel allows you to add a touch of originality to your favorite bag. Whether you choose discretion or extravagance, this bag jewel will bring detail to your bag.

In this tutorial Puca suggests you to realize the bag jewel "Victoria" composed of three distinct elements: the pearl Lea, the pearl Victoria and a donut.

You will learn how to set wooden supports using the Puca glass bead weaving technique as well as other types of beads such as Miyuki seed beads or PureCrystal spinners.

Step by step Puca guides you through each step to make this set.

We never tell you enough, but you are of course free to create your own version: colored, glittery, etc., so feel free to customize this creation according to your desires. You can also opt for bright colors or change the lobster clasp by a more original and trendy shape and color like this [turquoise round lobster clasp](#). Don't forget that this tutorial can be a great gift idea for your loved ones. For this, find all the references of glass beads by Puca on our site.

For those who wish to discover how to use the "Léa" bead in another type of jewelry, you can start making : [3 in 1 jewelry with beads Lea and Lucie](#)

The material list contains the material needed to make all 3 elements of the bag jewelry.

NB: For reasons of stock it is possible that the list of material is modified and that some references have been replaced by equivalents.
