How to make pearl earrings ?

More good news today! You may or may not have been waiting for them, but the new Puca caps have finally arrived. After the 25mm and the 18mm, make way for the 14mm. To celebrate this novelty, Puca spoils you again with a new pattern, which I'm sure will make you fall in love.

Here, it is the Moon earrings that are honored and that we propose you to realize. Learn how to set the cabochons with Miyuki Rocailles, all assembled on the mounting ring with Piros glass beads. Earrings that perfectly balance gold and green. This is a perfect piece of jewelry for a wedding or a party with friends. Pair it with the Takamata Pendant with cabochons by Puca set with Miyuki seed beads to make a set.

With this tutorial, there is no question, you can of course customize it and match your two favorite colors without having to think too much. Easy, isn't it? We let you choose among all the references of cabochons available on our site. For more originality, dare to use a hexagonal mounting ring instead of a circle.

NB : For stock reasons, it is possible that some references in the list of materials have been replaced by equivalents
