

## K'LINE BRACELET BY PUCA WITH GLASS BEADS BAROS, KONOS AND MIYUKI SEED BEADS

By : Puca

Easy

1h

*How to make a beaded bracelet?*

You may or may not have seen the new glass beads from Puca, the Konos and the Baros. After the K'adore, the K'fée or the K'neil, today Puca shares with you a new pattern the K'line. More than a word game, this jewel is like a hug, it lasts forever, so enjoy it and create your own version. Beginners? You're in the right place, easy and fast, this jewel is perfect for you.

In this tutorial, Puca shows you how to start creating jewelry to form a twisted multi-row bracelet. A jewel that mixessilver and blue for a great look. You can also create a necklace with the same technique. You have a crush on the new glass beads, discover quickly all the [new tutorials of Puca](#), there is for all tastes and all shapes. Want to bring the sun and summer into your creation? Why not, use [yellow rockeries](#). Find all the [references of 15/0 rockeries](#).

Psst: The list of materials needed at the bottom of the page allows you to make a bracelet of 18 cm.

NB : For reasons of stock it is possible that some references of the list of the material were replaced by equivalences
