We propose you two pairs of earrings: 1 pair with the 3 pastel colors, and 1 pair with the 3 beige/brown colors.

The pastel stripes version of these earrings is inspired by the 80's fashion, as well as the colors. They take us back to the American series, at the beach, ice cream in hand and surfboard on the suit. An image that smells good summer! The version with delica pearls in neutral colors will be more versatile and will follow you all year long with its warm and comforting colors.

Whether you choose the pastel earrings version or the neutral color earrings version, don't hesitate to show us the result by commenting on this tutorial or by tagging us on social networks.
