How to make a Russian spiral bracelet?

One of the spiral pearl techniques is the Russian spiral. In this video tutorial, we teach you how to make a Russian spiral bracelet with Miyuki rock and mini woven hematites .

With this technique, no need to master the hook, a simple beading needle is enough. Have fun adapting this spiral weave grid with other pearls: seed beads, glass beads, zircon beads, PureCrystal crystal bicones and even Bugles Miyuki tube beads ... anything is possible! Feel free to play with the size of your pearls for original and creative results, but also to create your own weaving grids, geometric or patterned, free online software exist and make your life easier.

To finish your spirals, several techniques are possible. You can finish your spiral by closing it with a reduction of pearls on which you can come and fix the clasp of your choice using mounting rings, or you can use jewelry finishes of the type "cups" or " shells "

With this tutorial and this diagram, you will be able to create infinitely your own costume jewelry. Get started and Do It Yourself / do it yourself ... Warning, it seems that it is very addictive. Good weaving, good beadwork

Note: For a bracelet over 15 cm you will need to buy 1 bag of extra mini-hematites for each color.
