How to make a pearl pendant?

Do you want a pendant that can be used on several pieces of jewelry? Discover this new tutorial made by Puca to create the D'Cybèle pendant! Necklaces, bag jewelry, charm's, adapt it according to your taste! All the material needed to make this jewel is located at the bottom of the page.

In this tutorial, Puca teaches you how to assemble glass beads by Puca (Arcos and Minos) with other types of beads such as PureCrystal spinners and Miyuki Rocailles, to get a nice cubic shape pendant. You can, of course, adapt the color to your taste and creativity! You can find our entire collection of [Arcos by Puca](#) and [Minos by Puca](#) for even more choices. Here, Puca has designed this pendant in shades of blue, orange, green and turquoise. And if you are not from the gold team, it is possible to make this jewel in silver! You can also combine it with other pendants to create a unique piece of jewelry!

Don't hesitate to identify us on social networks if you do this tutorial at home! If you liked this tutorial, here is another tutorial of pendant made from Arcos beads by Puca that you should like: [Sun Pendant](#)

NB: For stock reasons it is possible that some references in the material list have been replaced by equivalents.
