

AMANDA NEEDLE CASE WITH SAMOS, PIROS AND KALOS GLASS BEADS BY PUCA®.

By : Puca

Intermediate

3h

How to customize a needle case?

After the [Dali needle case](#) tutorial, our partner Puca® offers you a new tutorial to customize a PLA needle case with Les perles par Puca®. It will be very useful to store all your needles! No more needles lying around during your DIY projects, now they all have their place! And what a place! It must be said that this case entirely dressed in beads can itself find its place in your workshop decoration. Made from Samos, Kalos and Piros beads, this pretty needle case will also be a great idea to offer to your creative friends.

To customize this biodegradable holder: paint the case, weave the beads around it, glue a PureCrystal rivoli on top of the cap and your case. Granted, it's easier said than done, but I promise you, even if the tutorial may seem complicated, Puca's detailed explanations will allow you to do it, step by step, without any difficulty. Puca has made this tutorial in a pink color scheme, but you can customize it with the colors of your choice. For this, find all our range of beads [Samos](#), [Kalos](#), [Piros](#) by Puca ® on our site!

NB: for reasons of stock, it is possible that some products are replaced by equivalents.

Download the pattern: [Amanda glass bead needle case tutorial by Puca®](#).

Which material to use for Amanda needle case with Samos, Piros and Kalos glass beads by Puca®.?

SUPPLIES
