How to make extra-large earrings with pompoms?

Resplend all year with these earrings inspired by the very "caliente" Andalusia region. They will warm your look and give a touch of originality and "Spanish exoticism" to your outfits. This DIY extra-simple jewelry tutorial simply consists of cutting and sewing elements on perforated inserts.

Feel free to choose from our selection of [laser-cut inserts](#) and [interlayers](#) those that suit you the most and choose your favorite colors of [cotton imitation pompoms](#) 30 mm.

Attention: You can decorate either the two sides of the earrings (front and back), or only one side. Decorating the earrings on both sides hides the sewing thread. The listed list of materials corresponds to a pair of earrings decorated on one side only. For both sides of each earrings double the amount of [PureCrystal](#) pompoms and [sewing stones](#).

Step 1:

Cut 9 pieces of string 9 cm or less if you want slightly shorter earrings. Attach a 6mm gold sequin to each chain with a 3.3mm open ring. Sew the chains with the raspberry laser-cut pendant at the locations shown in the picture. Tie a knot with the thread on the interlayer, go through the chain, then in the pendant at least 3 to 4 times to attach the chain to the pendant.

2nd step:

Sew the pompoms to the interlayer either on one side or on both sides if you have decided to make two-sided earrings. If you only do one-sided loops, the thread will be slightly visible at the back. The advantage of double-sided earrings is that the pompoms will hide the threads. In this case, sew the two pompoms at the same time.

Step 3:

Then sew the PureCrystal sewing stone on the interlayer and then connect the earring to the ear hook with two 5 mm rings. Repeat these steps for the other earring.

There you go ! Your earrings are ready!

NB: Attention, the list of products below is not completely in conformity with the picture of presentation. For stock reasons, some products in this tutorial have been replaced by equivalents. The golden chain has been replaced by another.

Which material to use for Red Andalusian earrings tassels PureCrystal sewing stone?

SUPPLIES

Jumpings open 5x0.7mm gold tone x50
Ref. : ACC-105
Quantity : 1

Earwires 19 mm Crystal fine Gold plated x2
Ref. : BO-629
Quantity : 1
