*How to make an elastic bracelet with flat beads?*

Are you a beginner and want to start creating easy and trendy jewelry? Discover in this step-by-step tutorial how to make 9 ideas of bracelets to make yourself with all the beads, pendants and charms of the Canopée Kit, created exclusively by the creative team of Perles & Co. This kit was designed for beginners in jewelry making. You can also offer this kit as a gift or use it to occupy the youngest (or less young :) ) during school vacations for example. The trend of accumulation and heishi beads continues to please us. So, we have selected in this kit refined colors, to wear in evening or in "casual chic" mode. Green, mustard, black/white speckled and gold: It's up to you to mix and match your favorite tones! These beads, charms and pendants are to be mounted simply on elastic thread that we will close with a surgeon's knot and a glue dot if you have one. You see, it's very very simple! And if you don't know how to make a surgeon's knot, have a look at our technical sheet: [how to make a surgeon's knot with elastic thread?](#)

In this step by step tutorial, you will discover the different steps to create several matching bracelets, to wear in accumulation or to associate in more limited quantities. The idea is to feel like you have endless possibilities! You can also offer one to your husband, your daughter and your son in batches ... In short, you are bound to find your happiness. And share your jewelry with us, we can't wait to see all your creations!

## Which material to use for Elastic bracelets round heishi model Canopée?
