How to make a pom-pom?

Discover in this tutorial, from our partner Les Perles par Puca®, how to make a pom-pom with beads. You really want to make this pattern but you don't know how to use this pompon? You can, for example, make a jewel bag, this pendant pompon would be perfect to add a personal touch. Otherwise, you can also make a key ring or even a necklace pendant if you like XXL jewelry.

In this tutorial, Puca® shows you how to combine Arcos and Kalos beads with Miyuki seed beads. Create two circular elements and slip your tassel inside your creation. Add a bead holder and a small charm and you're done. Although it may seem difficult, Puca's detailed explanations will allow you to make this pattern even if you are a beginner. Of course, the coloring of the Arcos and Kalos beads and the pompom can be adapted to your taste. Also, for those who would like to change the charm to hang, you can also replace it.

If you liked this tassel tutorial, we suggest two other tassel pendant tutorials:
