*How to create a jewel for Valentine's Day?*

Valentine's Day is coming soon! For this occasion, our partner Les perles par Puca® has kindly offered us a tutorial to make a set (pendant and earrings) to make you feel even more beautiful during the little candlelight dinner with your other half. And since there's no reason to wait for an occasion to look beautiful, Puca offers you a variation with pearls in pink tones that will be perfect for spring! And if you're not on the romantic or spring team, you can choose other Arcos, Baros and Toupies beads to make them in a different color if you feel like it!

Very simple and rather quick to make, you will learn how to combine Arcos and Baros beads with Miyuki seed beads using the bead weaving technique. Create a nice heart shape and make the same creation 3 times (two for the earrings and one for the necklace). Your set is ready! As usual, this creation can be declined in several versions: small discreet top, drop pendant or charm's, choose the version that suits you the most.

If you liked this tutorial and you are looking for other ideas, Puca has made other Valentine's Day tutorials.
