How to customize a bottle cap?

Are you a wine lover? Our partner Les perles par Puca® teaches you, in this tutorial, how to customize a round wooden stopper. What to proudly decorate your wine bottle! You can offer it to yourself or to one of your loved ones, this little attention will surely please them! It's also a great gift idea, especially if you never have an idea for a gift for men. This creation is adapted to standard size wine bottles. Be careful, this stopper is purely decorative and will not close your bottles tightly.

In this tutorial, Puca® teaches you how to weave Kalos, Konos and Piros beads and with Delicas, round beads, Rocailles and Bugles. A rather ambitious project that you will be able to realize without difficulty thanks to the detailed explanations of our partner. You want to make the cap in another color? No problem, you can find a large choice of [Kalos](#), [Konos](#), and [Piros](#) on our website.

If this tutorial has inspired you, I invite you to look at the two other creations for stopper that Puca has made:
